State of Missouri Census- Find Demographics of the Community

1. Under “State of Missouri Statistics” in the research guide, click on “Missouri Census Data Center”
2. Under Quick Links, click on the “2010 Census SF 1 Profile.”
3. Keep the first drop down menu on Missouri. Choose “Places (City)” for the second drop down menu.
   Under “Select up to four areas” select “Maplewood”, “Richmond Heights” and “St. Louis” and “University City”
4. Click on “Generate Report”

Questions to answer about the information:

1. What kind of information did you find?
2. What are the limitations of this information (ie: Is there information you wish you had that isn’t there?) Where else could you find that information?
3. Click on the small graph icons on the right side of the data. What do they do?
4. If this website were a student, who would they be? Describe them.
